Transformer Core Is Taken To The New Sub-Station Today

A transformer core, weighing in the neighborhood of 25 tons, was transported up Fifth street grade this morning at 7 o'clock to the nearly completed million dollar sub-station of the West Penn Power company. This heavy load arrived in Charleroi last Wednesday and yesterday afternoon was unloaded from the train onto the trailer. Thirty-one minutes was required to take the transformer into the hill without any mishap. Three trucks preceded the truck transporting the transformer and two followed, pulling and pushing. The street from McKean avenue to Fallowfield was well protected by heavy planks.

A Sun Weekly man from Pittsburgh was on the scene and took moving pictures of the whole proceedings concluding with a number of fine views of the sub-station.

Another transformer to be delivered the first part of next week will complete the coming of the heavy loads, with the exception of a switch that will weigh approximately eight tons.

It was said this morning by the West Penn Power company authorities that it is expected that within two or three months the sub-station will be completed.

DOCTORS ARE TO CONFER ON SENATOR COUZENS

Washington, April 12.—(United Press.)—A consultation of physicians will decide today whether an operation on Senator Couzens, of Michigan, will be necessary. Couzens is suffering from a digestive ailment similar to trouble he had some years ago. His three doctors here have summoned a specialist from the decision regarding the operation is to be made. The three physicians, Drs. Thomas J. Kelly, Jr., E. B. Behrend, and William F. O'Donnell, and a nurse were in attendance on Couzens yesterday and last night. They declined, however, to make any statement regarding the exact nature of his illness or his condition.

CHECKING UP A FANTASTIC STORY

Kansas City, Mo., Apr. 12.—(United Press.)—Officials today checked up on a story of an almost fantastic nature told by Lowell K. Swartz, 28, in a future issue of the Mail. Inasmuch as the Charleroi entrants have made their power and presence felt in these annual affairs, it is safe to assume that the young men and ladies selected to uphold the honor and dignity of the local high school will acquit themselves with credit and add further laurels to the fame of Charleroi High.

Yard Conductor Is Injured And In The Hospital

H. H. Bigrig, 29 years old, who lives in Brownsville, a yard conductor at the Shire Oaks yards of the Pennsylvania railroad, was injured Thursday evening and is a patient in the Memorial hospital at Monongahela. He fell from the top of a box car in which he was standing while directing the shifting of a number of cars. The car suddenly lurched forward, and Bigrig, losing his balance fell from the car to the ground, alighting on his head. He was taken to the hospital in an unconscious condition by members of his train crew and rushed to the hospital. His condition is said to be critical. Bigrig was employed at Brownsville until a few days ago, when he was transferred to the Shire Oaks yards.

Frank Burevick of East Main street, Monongahela, on Tuesday was badly hurt on the Shire Oaks yards of the Pennsylvania railroad. He was walking through a section of the yards where cars were being shifted. As he started to walk between two cars to cross to the opposite side of the tracks, a car struck him and he was thrown to the ground, narrowly escaping death under the wheels.

Burevick struck his head on a tie, sustaining a deep gash across the forehead, and is quite badly hurt.

FRAUDULENT TAX MAN IN DISTRICT

D. J. Morrow, deputy income tax collector, with the assistance of Constable Sarber, of Wegster, is conducting a search for a foreigner representing himself as an income tax collector, who has lured residents of Gallatin, Manown, and Webster out of a considerable sum of money.

Collector Morrow when Constable Sarber reported the activities of the alleged fraudulent collector at Webster yesterday morning, sent word to the Pittsburgh office and enforcement officers were at Webster half an hour later. The man apparently has been at work at Webster for several days as inquiry disclosed the fact that he had collected sums of money from many homes as delinquent income taxes for which he tendered a duplicate government income tax receipt bearing the numerals and the imprint of the treasury department of the United States in the upper left hand corner. The receipts are printed on white and yellow paper. When making his appearance at the homes of likely persons he presents counterfeit credentials and explains the nature of his visit. After explaining the heavy fine which will be imposed if the income tax is not paid, most unsuspecting persons will accede to his demands and with his assistance furnish the tax due the government, and pay the amount receiving in return a supposed government receipt.

The man is thought to be a foreigner. He is 40 years of age, smooth-faced, weighs about 148 pounds and is five feet eight inches in height. It is thought he is still in this district and a warning to unsuspecting persons is being broadcast. A search for the man is continuing throughout this section.

Duquesne Man, Crazy By Illness, Runs Amuck, and Is Shot to Death by the Police

Duquesne, April 12.—(United Press.)—Police shot and killed Alaskan Seminov, 28 years old, in a boarding house here today after the man, maddened by an illness with which he suffered for several weeks, ran amuck and slashed four persons with a butcher knife. Seminov, according to the police, had been confined to his bed for several weeks suffering from an illness and late last night he left his room and started after the other occupants of the house.

Breaking the door, police saw Seminov on the floor and first believed he had committed suicide. Suddenly with a blood curdling yell, the mad man leaped upon the officers, his knife war Nelson went down with several knife cuts in his body.

Parolman Soltos and Nicholson were slashed. As the officers were attacked, they drew their revolvers and volleys of shots rang out. Seminov was instantly killed. Shot through the head and body. The wounded policeman and Markov were taken to the McKeesport hospital.

MELLON HAS NEVER GIVEN THOUGHT TO RESIGNING

Pittsburgh, April 12.—(United Press.)—"I never considered a thought of resignation," Andrew W. Mellon, secretary of the Treasury, said here today, speaking of the letter to the President which caused Mr. Coolidge to rebuke the Senate for its investigation into the Treasury department. "Of course, there are circumstances under which any man would be obliged to resign, but I never intended that I would quit."

Secretary Mellon arrived here this morning to attend a banquet of the Pittsburgh Chamber of Commerce in his honor tonight.

"I don't want to show that if interference with the executive department was damaging, Congress would be responsible," Mellon continued. These offensive activities have been accumulative and it has kept up until the efficiency of the department has been seriously impaired. More than 1000 guests will attend the banquet tonight in honor of Secretary of Treasury. Prominent guests will include John T. Adams, chairman of the Republican National committee; Samuel Rea, president of the Pennsylvania Railroad; Governor Edwin T. Morrow, Kentucky, and many other prominent bankers and business men.

PEACE IS UP TO GERMANY

Paris, April 12.—(United Press.)—A golden opportunity for European peace has been put squarely up to Germany by the dramatic gesture of the reparations commission in accepting the Dawes report without debate, in the opinion of the members of the commission themselves.

Astonishment created by the suddenness with which they announced approval of the experts' plans had not subsided today. But the commissioners feel that this very suddenness was the most important phase of their acceptance. Germany is now given an opportunity to do likewise, it was said semi-officially and all Europe can then concentrate on making the plan effective, instead of arguing its good and bad points.

A CHURCH BUILDING EVERY FOUR DAYS

A church building completed every four days is the record of the Church Building Fund Commission of the Episcopal church for the year 1923, according to the report of the Rev. Charles L. Pardee, Corresponding secretary which was made public yesterday.

The Church Building fund is maintained for the purpose of financing by gifts and loans the construction of church property in all parts of the United States, and is one of the most flourishing of the business enterprises of the church. Summarizing the work of the year, Dr. Pardee notes the completion of 14 churches, 10 rectories and 15 parish houses under loans totaling \$162,300 and the completion in addition of 21 churches, 13 rectories and 9 parish houses in gifts and grants of \$33,675, thus bringing the record up to a total of 82 church buildings of various kinds during the year 1923. This was made possible through the repayment of \$111,636.66 of capital which had been loaned out for church building purposes in previous years and the receipt of gifts to the capital fund of \$26,000 from two communicants of the church.

"All the dollars sent to the Building fund," says Dr. Pardee, "are sure of a steady job and are in line for a try at perpetual motion."

Washington County Is Asked To Construct An Important Road

MONONGAHELA TO HAVE 'CLEANUP' WEEK

The annual "Cleanup" week, under the direction of the Monongahela Board of Health, will be observed in that city next week Monday and continuing throughout the week. Health Officer John C. Hiscok has issued an official notice, declaring that a survey of the city will be made, and every household is asked to dispose of garbage, refuse, and debris which has accumulated about residences during the winter. This refuse, if put in barrels, will be called for by the city garbage collectors and removed to the incinerating plant at the usual low rate. The city has been divided into zones, and the garbage men will be at work in these sections according to a schedule that has been arranged for the week. Officer Hiscok makes the request that all citizens of Monongahela assist in this cleanup week as an aid in the continuation of the cleanliness and sanitation conditions of the city.

William S. Abel Retains Monongahela Attorney to Defend Him, the Contention Made Being That the Utensil Used For Washing

OF A PECULIAR MAKEUP

Local Police Cannot See How It Could Be Used For The Purpose Claimed By Owner—Alleged Utilized For Making of Moonshine

The latter part of January, the Charleroi police, headed by Chief James A. Murphy, seized from a houseboat a copper wash boiler, in their opinion being used in the manufacture of moonshine, and placed under arrest William S. Abel of this place, the alleged owner, who subsequently gave bail for his appearance at court, the hearing being held before Squire J. B. Smith. Mr. Abel has retained Attorney Vernon S. Hazzard of Monongahela as his counsel. According to the views of the local police the boiler in question could not be used, owing to its construction, for washing or laundry purposes.

The boiler in question is the basis for action with the court today. In the latest litigation, filed by Mr. Hazzard on behalf of William S. Abel, he seeks to have quashed a certain indictment against Abel, for violation of the liquor laws. The suit is brought in the name of the commonwealth, ex rel. G. W. Corey, constable, against William S. Abel.

The grounds on which it is sought to quash the indictment is that this "copper boiler" was used as evidence before the grand jury by the district attorney in procuring this indictment against Mr. Abel at a time when there was still pending and undisposed of action for the return of the boiler. It was averred in that action that the boiler had been unlawfully seized under the prohibition act and at the hearing counsel for Mr. Abel put up a plea that it was not a liquor boiler but in fact a "wash boiler" and that Mr. Abel had been much inconvenienced by not having this boiler on wash days.

The boiler, if a wash boiler, was of standard construction, for the lid was soldered fast and in the top of the lid was a specially constructed opening similar to the opening into a milk can, into which there was fitted a lid. There were other things about it that made it look suspicious.

The action for possession of the boiler was on last week's argument list, and is yet undisposed of, no decision being rendered by the court. It is averred the district attorney acted without authority and illegally in presenting a bill of indictment to the grand jury, and further prosecuting the case, including the presenting of this boiler as evidence, pending the proceeding to restrain the arresting officer from presenting the case.

Supervisors of Jefferson township were in conference with the county commissioners yesterday afternoon relative to the further improvement of the Eldersville-West Virginia state line road, which improvement is held up at present because of the high cost of construction. The township had proposed to improve the road itself. A contract for the grading was let and part of it was done. A few weeks ago bids were received for the placing of concrete on the road. These bids were so high they were rejected. The township could pay. The conference yesterday was relative to getting, if possible, some assistance from the county. It was suggested that the county take the road over and improve it. Nothing definite was done at yesterday's conference. Another conference will be held next Monday. UNITY OF ACTION.

With the civic progress in view, the time for unity of action on the part of Charleroi people is here and now. It is no time for petty jealousies or divided sentiment when the future of the borough is at stake. Charleroi has not even approached the zenith of her power—the borough is in its infancy.

The improvement work which is going on in the borough, the contemplated Greater Charleroi, the proposition of Charleroi council for an improved sewage system, all these things, where needed, call forth the co-operation of the citizenry and behooves them to assist in every way possible to make the Big City bigger and better as the days and years are rolling on.

Unity of action, and the forgetting of enmities, all for one and one for all, are among the slogans which will mean for civic progress. Fair as is Charleroi, with her stately and beautiful homes, handsome and substantial business blocks, there is still plenty of avenues for improvement, palpable on their face, and known to both the Chamber of Commerce and the Borough council. These two bodies are acting in harmony, and what the one advocates, in the other is found sympathy and encouragement. Any advice on the part of the citizenry, or aid, will doubtless be well received by either and both of these collective bodies.

They will further have the assistance and advice of the Borough Planning Commission, when it begins to function.

PLEDGES FOR SECOND YEAR

On April 1, 1924 each of the Treasurers in the four towns in a letter to all subscribers, requested the payment of pledges which were made March 1923 for two years, the second of which falls due April 15. By means of enclosed statements, each subscriber was advised of the amount of the pledge for 1924, and all are urged to make their payment to the Treasurer. To avoid mistake the information is given that any subscriber who defaults to pay his pledge semi-annually can at this time send one-half of the amount due for the year ending on October 1 to complete the payment.

Checks should be given or sent to the following persons, who are responsible for its deposit: Monessen—J. Howard Kelly, Charleroi, C. S. V. Chapman, Monaca, Ed. Hartung, Monongahela City, Dr. W. P. Taylor. In order that the movement may not be embarrassed by the lack of funds to carry it along, all subscribers are urged to cooperate with the local Council by completing their subscriptions as soon as possible.

PUBLIC DEMONSTRATION OF SCOUTING

Arrangements are being made by Monongahela City and Monessen to show the parents and friends of the Boy Scouts just what progress has been made during the last year in Scouting, in their respective towns, by staging a demonstration to which the public is invited.

This dramatization is entitled "A Day in Camp" and will show the work the boys have been doing during the past year, embracing all matters of camp life, such as discipline, signaling, fire, friction, and first aid, and ending with a camp fire scene, around which songs without number will be sung, and typical camp jokes and stunts will be put off.

The Monongahela boys will hold their demonstration on Friday, April 12, at the State Armory while Monessen will exhibit their work on Thursday, April 11, at the High School auditorium. A number of refreshments have been placed, and the boys are eager for the opportunity to present their efforts to the public.

SWIMMING CHAMPIONSHIP MEET.

Plans are completed for the swimming championship of the Monongahela Valley Council to be held in the Monaca Junior High School swimming pool, Saturday, April 20, at 2 p. m. All the towns in the council are urged to compete in this meet. Each town is to send six boys to constitute its team.

Each boy taking part in the meet must be provided with a doctor's certificate when seen in physical condition. The program will consist of 50 yd. dash, 50 yd. breast stroke, 200 yd. swim relay, diving and a number of other events. In order that the boys may not be handicapped on entering this meet, a practice day has been set in which the Monessen council will act as hosts and to which the boys of each town, expecting to take part in the meet, or who wish to pass their swimming test, are urged to take advantage of.

SCOUTS BUSY DURING CLEAN-UP WEEK.

Clean-up week which has been officially designated for the week of April 22 to 28, is being observed by the Boy Scouts in this valley, since it will provide an opportunity for them to show the community that their Good Turn Feature is an effective thing. They will cooperate with the Health authorities in every respect in cleaning up the alleys, vacant lots and other spots which are eye-sores to the community.

Each troop has been assigned to a definite section of town and will do their best to see that their section is

made as clean as possible. When a Boy Scout calls at your door and requests that you have your rubbish and tin cans ready for the hauling wagon, please cooperate with the mainly little fellow in his efforts to be of service to you.

PATROL LEADERS' COURSE BEGINS.

Recognizing the fact that the most important unit in the patrol is the Patrol Leader, plans have been completed for a Patrol Leaders' Training course, which has been divided into two sections, and will cover in one meeting the in-door features of a Patrol leader's work and in the next meeting the in-door features will be taken up.

The Charleroi and Monessen Scouts will meet together on Saturday, April 12, at the Charleroi Bell Park, at 9 a. m., from which a short hike will be made to demonstrate the tests in outdoor work which concern the patrol leaders. The second meeting for these boys will be held Wednesday, April 16 in Monessen, and the High School gym, at 7:30 p. m., when the theoretical work in games and group instruction will be explained.

The Donora and Monongahela boys will meet April 23 and April 26. Details of the course will be given.

WOMAN ADMITS SHE IS BIGAMIST

Philadelphia, April 12—(United Press)—Admitting she is a bigamist, Anna Beswick facing charges here today of bigamy and perjury. The dual life of the woman was brought to light here last night when she caused the arrest of three men whom she declares have blackmailed her repeatedly on the threat that they would expose her in her dual existence. She declares she paid them \$50,000 to keep her first marriage secret from her second husband.

Mrs. Beswick declares that last February she was married to William C. Martin, president of the Pennsylvania Cold Storage and Market Company and the president of a Fox Chase Bank. Many years ago she declares she was married to Samuel E. Beswick, a carpenter, who she states, is the father of her 18 children.

Mrs. Beswick charged with forging the name of Judge J. Willis Martin to a letter for the purpose of raising a bribe. She states she was forced to raise money to pay to three men who threatened to expose her because of her second marriage. These men are Herbert Russell, Irwin Hamilton, and John McCoy, and are now locked up waiting trial on charges of conspiracy, extortion and blackmail.

For the past several months, Mrs. Beswick has been dividing her time between the homes of her two husbands. Part of the time she was Mrs. Beswick and lived at the modest home of her husband by that name, while the other portion of her time as spent at the palatial Martin residence at Fox Chase.

In telling her story, her one plea was that her second husband be spared the details of her duplicity.

MINERS TO GO ON STRIKE MONDAY

Wilkes Barre, Pa., April 12.—(United Press)—Orders were sent out to local unions today for a general strike of 12,000 miners of the Pennsylvania Coal Co., to go into effect Monday, following a meeting of the grievance committee which unanimously decided on the strike call.

The strike has been threatening for several days because of various grievances at different collieries, but it was hoped district officials of the United Mine Workers could settle them shortly. President Cappellini announced before the meeting, however, that he had been unable to arrange conferences with company officials and that he would not interfere if the men struck.

The grievance committee will confer with Cappellini today and another meeting will be held Sunday to make strike arrangements. The collieries affected are in the Pittston district, a few miles north of here.

"BLACK OXEN" AT MAJESTIC

Picturegoers are promised a distinct treat in "Black Oxen," a First National Picture produced by Frank Lloyd and featuring Corinne Griffith and Conway Tearle, which, it has been announced, will be featured at the Majestic theatre commencing Monday.

"Black Oxen" relates an unusual story of a woman rejuvenated by science and who finds, at 58, her first true romance. How the woman, bent on keeping her return visit to America a secret, attracts the attention of a newspaper man, who sees in her his ideal and, following a chance meeting, falls in love with her and continues his devotion in face of criticism by friends and knowledge that his sweetheart is old enough to be his mother. The entrance of a flapper into the odd romance is said to cause many unique climaxes to develop and to add considerable action to the rapidly moving story.

Prominent in support of Miss Griffith and Mr. Tearle are Clara Bow who plays the flapperish Janet; Alan Hale, Kate Lester, Thomas Ricketts, Tom Guise, Claire MacDowell, Lincoln Stedman and Clarissa Selwynne. Mr. Lloyd produced the screen version of "Black Oxen" from a scenario which he wrote with the aid of Mary O'Hara, prepared from Gertrude Atherton's best selling novel of the same title.

The presentation at the Majestic will be accompanied by a special musical program and appropriate short reel subjects.

RUSSIA SENDS NOTE TO FRANCE

Moscow, April 12.—(United Press)—Russia today sent a sharp note to France, rejecting indignantly the latter's interference in the trial of anti-soviet spies at Kiev.

The Russian note was in reply to one from Premier Poincare in which the French premier urged clemency for the alleged spies on humanitarian grounds.

Georges Tchitcherine, soviet foreign minister, did not mince words in his reply. He declared France had committed a hostile act.

"The soviet government rejects indignantly the attempt of the French government to interfere in the trial," he wrote. "This is contrary to the most elementary respect for the sovereignty of other countries."

"The French government, moreover, is well aware of the criminal work of the Kiev accused."

"Because these Kiev spies were in contact with the French intelligence service, now France attempts to protect her own spies under a mask of humanity."

"This is a hostile act. It comes in addition to other hostile acts; for example, the sanctioning by France of the annexation of Bessarabia by Rumania and prevention of Chino-Russian understanding."

"The soviet government is surprised that the French government disregards the feeling its deeds are creating among the Russian masses who have not forgotten their sufferings and the damage caused by French interventions."
